Accuring Model 720  
72" x 1-1/4" thick ground steel sub-dial  
12,000 lb. weight capacity  
Custom fabricated steel base

**ELEVATING ROTARY TABLES**

MS4000 Programmable Indexer  
0-3" adjustable Elevation  
48" x 1" ground aluminum dial plate  
30" x 30" fabricated steel base

**HELICAL X-RAY INSPECTION**

Accuring Model 720  
Large 36" open-center  
72" x 2" ground aluminum dial plate  
10,000 lb. weight capacity

**SHOTBLASTING**

MS1000 Programmable Indexer  
Sealed indexer  
Integrated air purging  
Devicenet communication

**AUTOMATED ASSEMBLY**

AccuRing Model 360  
12' Dia. fabricated aluminum dial plate  
Dual pre-set speeds  
Fabricated steel pedestal base

**WELDING**

AccuRing Model 240  
Replaceable 24" dial plate  
Low profile / Sealed indexer  
2,000 lb capacity

**MS SERIES**  
Servo Indexers

**ACCURING**  
Custom Rotary Tables  
Large Diameter
