NT SERIES
SERVO INDEXERS**

NT2000A \$3,950

NT2000C \$6,750

Servo Indexers for \$3,950

... UNHEARD OF ...

Until now ... thanks to the NT Series of Servo Indexers from Centricity. This new and exciting line of indexers gives you the servo flexibility you've always wanted at the price of mechanical indexing. Two thru forty-eight stop indexing, reciprocating motion, and continuous motion are all standard with the new NT. Fine tune home position, set electronic torque limiting, adjust move times, and other features are all available to you.

Shipped to you complete including the rotary chassis with all position mounting, servomotor with digital AC servo controller, absolute position feedback, 5M power and encoder cables, and *i-series* control software that runs on your laptop in a simple "point and click" Excel spreadsheet.

Servo indexing at the price of mechanical indexing. Now there's something to think about.

GENERAL SPECIFICATIONS

\$3,950 each

\$6,750 each

DESCRIPTION	VALUE	NT2000A	NT2000C
MOTIONS			
Reciprocating Motion		YES	YES
Continuous Motion	rpm range	0.1 thru 58	0.1 thru 28
Indexing Motion	No. of Stops	2 thru 48	2 thru 48
LOADS			
Rated axial load	Lb.	325	875
Rated moment load	In-Lb.	1,700	7,600
Rated load inertia	Lb-In ²	32,000	1,000,000
REPEATABILITY			
	+/- arc sec	< 30	< 30
ELECTRONIC TORQUE LIMITING			
	Percent	1 – 100	1 – 100
FOOTPRINT			
	OAH" x MAJOR Ø"	8.20" x 5.94"	10.90" x 9.06"
COMMUNICATION			
		Discreet I/O 24VDC in – 24VDC out	Discreet I/O 24VDC in – 24VDC out
CONFIGURABILITY			
	Spreadsheet	Excel based	Excel based
VOLTAGE			
		100VAC, single phase	200VAC, three phase
		200VAC, single phase	400VAC, three phase
		200VAC, three phase	
		Other voltages available	Other voltages available
